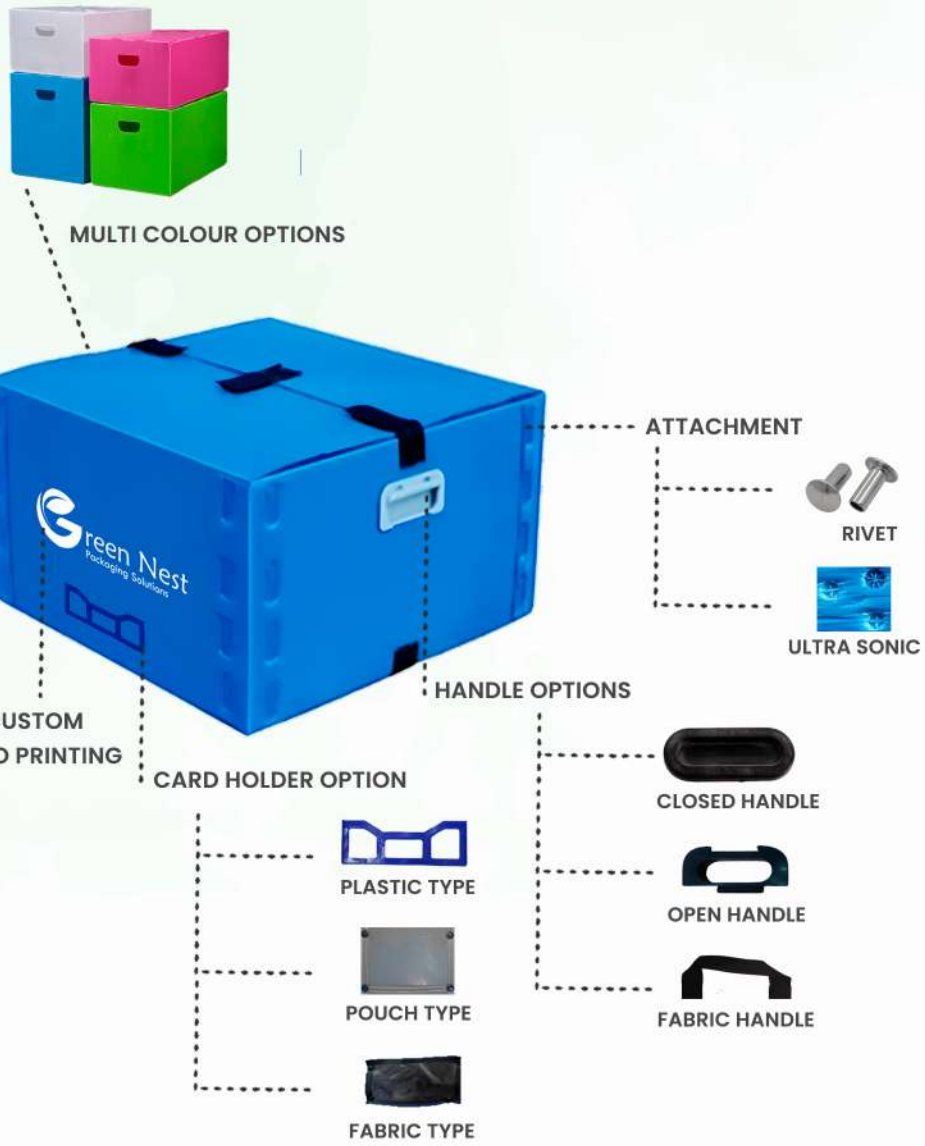
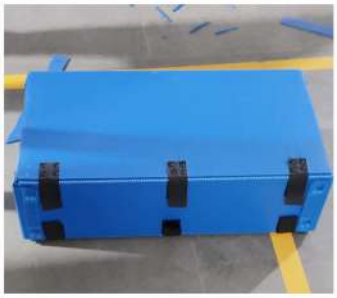
REUSABLE FOLDABLE BOX

Green Nest
Packaging Solutions

PP Corrugated boxes are made from reusable Polypropylene Material, offer eco-friendly alternatives to traditional paper boxes. Their foldable design reduces return logistics costs, promoting sustainability in the supply chain. These recyclable boxes are favored for returnable packaging, eliminating the need for single-use materials and benefiting the environment.





KEY FEATURES - REUSABLE FOLDABLE BOX

- Eco Friendly – Reusable & Recyclable
- Foldable or Collapsible in Empty condition
- More than 50 cycle application
- Customized shape and size possible
- Ergonomic design especially for industry use
- Light weight and high load capacity upto 25 Kg per box
- Stackable with or without pallet
- Lifting handle – Velcro lock and card holder provision

FIXED BIN

The Fixed Bin stands out as the optimal alternative to rigid wall wooden-plastic boxes. It presents a viable storage solution for supply chains and finds widespread use in the line feeding of products. The unique feature of self-tracking, with a capacity up to 10 times its original height, makes it an exceptional storage product.

KEY FEATURES - FIXED BIN

- Eco Friendly – Reusable & Recyclable
- Stackable upto 10 times of its original height
- Upto 50 cycle application
- Light weight & High load capacity
- Fully customized in size and shape
- Cover option available
